

Saving presentation resources in Elluminate

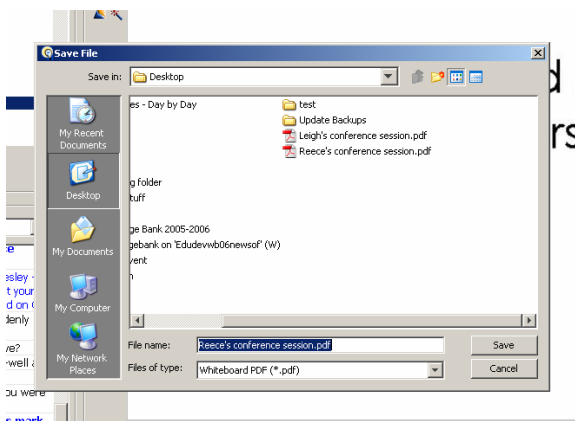

1. Open the Elluminate recording and select File, Save

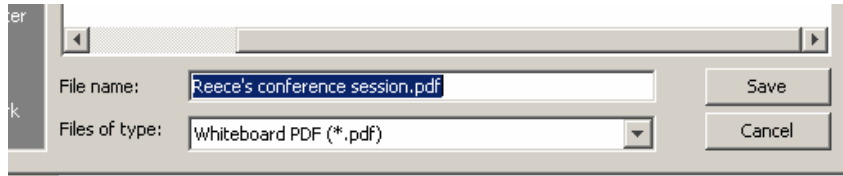

2. To save the Whiteboard – select Whiteboard, to select the Direct Message conversation – select Direct Message Conversation (Direct Message Conversation can only be saved as a text file so it should be straightforward).

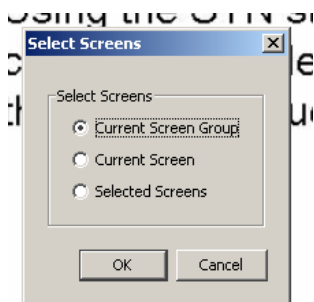

3. To save the Whiteboard – select Whiteboard – you will see the Save File dialog box below:

4. Go to Files of Type and select Whiteboard PDF (*.pdf)

5. Select where on your computer you want to save your file, and then click the Save button. You will see the Select Screens dialog box:

6. To save all of the Whiteboard files, click on the Current Screen Group button. Then click OK.

This will save the Whiteboard as a pdf file to your desktop.
